**Math 116 - Videotapes**

There are videotapes for Math 116, College Algebra, on reserve in the Kitty Lindsay Learning Resources Center (LRC). These videos are from the 1st edition of the Larson and Hostetler Graphing Calculator textbook, however, and do not exactly match the current 4th edition text. Use the table to match the section from the textbook with the videotape on reserve. Sections without a tape number are not covered in the videotape series.
